

SAINTS BASKETBALL CLUB

TRANSFORMING LIVES THROUGH SPORTS

Dear Future Sponsor,

The Saints Basketball Club provides a top quality environment for aspiring young athletes to enhance their basketball skills beyond that which they might achieve participating in recreational leagues. It is a pre-stage for high school and collegiate levels of competition. **The Saints basketball program emphasizes promoting quality teams and fostering the concept of teamwork.**

Like other nonprofit organizations, the Saints basketball program needs financial resources to help achieve its goals. Our basketball team typically has two primary means of financial support: 1) player's registration fees and 2) fund-raising by the players and parents. Fees and fundraising funds barely cover the cost for the essentials such as insurance and team equipment. Fund-raising helps, but it is vital that the players focus their time and efforts on schoolwork, athletics and other endeavors at this critical juncture in their lives. In order to support their churches, schools and other organizations, it seems the players and families are fund-raising year-round.

It is the contribution provided by local businesses and individuals such as you that allows our team to provide the children with a truly high quality experience.

In the Beginning. . .

The first team was formed in 2002 by Coach Phil to allow local youth to compete in bay area AAU and state-wide tournaments. The Saints quickly decided they would like to be known as one of the elite youth programs in the USA.

In the Classroom. . .

SCBL places emphasis on the importance of meeting educational goals and preparation for college. With a Academic requirement to participate, the Saints works with both the schools and the parents to tutor and prepare its athletes. SCBL's ultimate goal is to help its athletes earn college degrees. The Min. GPA is 3.0.

In the Future. . .

SCBL works to educate its athletes on the positive aspects of life to achieve success. Hard work, socializing with the right crowd, and creating goals are keys to the program. The program has no tolerance for drugs, alcohol and gambling. SCBL's goal is to have a positive impact and to help successfully direct its players lives.
